Band Structure

Section Leaders

A Section Leader of the Dunedin Concert Band performs an administrative role that supports the individuals of their assigned section. The most important duties are to:

1. Allocate parts to section members, in consultation with the Conductor
2. Lead sectional rehearsals
3. Fill open positions
4. Provide performer feedback to the Conductor
5. Tune each section member prior to rehearsals and performances
6. Keep section member (and own) egos in check
7. Maintain a healthy but competitive team spirit to win "Conductor's Choice Section Winner"
8. Mentor and train section members to become future Section Leaders
9. Represent their section in the band's committee

To fulfill these duties, Section Leaders must:

10. Be musically qualified (auditions are required)
11. Place more emphasis on the success of the band over their own self-promotion
12. Develop and harness the support of each section member
13. Understand the musical and social needs of each section member
14. Encourage enthusiastic recruitment from members
15. Be passionate, confident, and/or loyal
16. Be recognized as possessing leadership and/or relationship attributes
17. Attend at least 90% of all scheduled sessions (rehearsals and performances) each calendar year.

Section leaders:

18. Will serve their section for 1, 3 or 5 years depending on the band's needs
19. May be reassigned only if there are no qualified applicants for the position
20. Should communicate with the Conductor regularly but avoid doing so immediately before, during and after rehearsals and performances, unless necessary
21. Will represent their section on the band's committee, which helps keep the Director and/or Conductor accountable

End.
